

SENIOR ADVISOR – DEAL ADVISORY

KPMG **Deal Advisory** (DA) is our dedicated team helping clients structure and successfully complete deals, as well as devise and implement business strategies in a challenging market environment. Our professionals are supporting international and local businesses and investors in the biggest M&A deals on the market.

Should you find the fast paced transactions universe intriguing, we would invite you to join our Deal Advisory team as **Senior Advisor**.

In this role you will:

- Perform high-quality research of industries and businesses utilizing various tools and public sources
- Analyze businesses and interpret their financial statements to dissect their financial position and performance, and identify key drivers of sustainable profitability and their impact on deal metrics
- Prepare reports, presentations and other documents according to corporate standards in both English and Albanian
- Participate in projects across a wide range of industries and markets throughout Southeast Europe as part of a multi-disciplinary team

To be up to the challenge you should have:

- University degree in Accounting, Finance, Business or similar field (additional qualification such as CFA or ACCA would be considered an advantage)
- 3+ years of experience in audit, financial analysis, or transaction advisory
- Sound knowledge of IFRS and Albanian GAAP
- Natural inquisitiveness and good commercial awareness
- Strong analytical skills and attention to detail

- High level of motivation and perseverance
- Ability to prioritize and handle multiple tasks
- Excellent interpersonal and communication skills
- Fluency in English and good computer literacy (MS Office)
